Kampbell Elyse Mack

You are our sunshine, our 3rd Sunshine, you make us happy when skies are grey, you'll never know, dear, how much we love you until you have a Kampbell of your own.

From the day you arrived, you have added your unique light to this world. We are so proud of who you are, how you have navigated ups and downs, and how you are charting a course for your future. You are destined for greatness and that isn't defined by where you start, but about never forgetting what God has spoken and understanding why He has placed you on this earth to leave behind.

Dr. Benjamin E. Mays said, "The tragedy of life is often not in our failure, but rather in our complacency, not in our doing too much, but rather in our doing too little; not in our living above our ability, but rather in our living below our capacities. To be able to stand the troubles of life, one must have a sense of mission and the belief that God sent him or her into the world for a purpose, to do something unique and distinctive."

You are a stunning personality inside and out. We are so excited to see you walk into your destiny, and bring to fruition what has been spoken into your life. Always rely on your faith, reflect on the promises of God, and let go of the doubt that tries to sneak its way in.
